Industry Strategy

As part of the assigned reading, you read the article "Introduction to Strategy" by Ramon Casadesu-Masanell. Based on that article, please answer the following questions.

1. The article discusses "Porter's Forces that Shape Industry Competition." As discussed in the article, what are the forces? In a sentence, sketch a simple diagram showing the forces. (12 points)

buyers - companies that rely on the products of other companies

suppliers - companies that supply products or services to other companies

complements - other companies that are coupled to your own company and affect your success

Rivalry - Competitors in the market

New Entrants - Startups or companies that enter the same market as your company

Substitution - other companies that fulfill your consumer's needs

+12

2. The article discusses that "strategy is a firm's answer to two fundamental questions". What are the two questions? (4 points)

What is the environment / market?

How do we position the firm in this market?

+4

3. Define "strategy" as given in the article. (3 point)

Strategy is the positioning of a firm in the market in order to increase the gap between how much customer's are willing to pay and the cost for the firm/company.

+2
